16th April 2015

Dear Mrs. Parr,

PERMIT BR9715IB: CONDITION 4.1.5

Condition 4.1.5 of this permit requires;

Where the Operator has a formal environmental management system applying to the Permitted Installation which encompasses annual improvement targets the Operator shall, not later than 31 March in each year, provide a summary report of the previous year's progress against such targets.

Planned	Status
Continue testing and rollout of compliance calendar program	Corporate did not instigate program
Engage consultants for contaminated land investigation	Proposal received in December and accepted
Reduce energy usage in line with Corporate Target 2%	Target not met (affected by product mix)
Implement Ozone Depleting Substances SOP at sites	Works Procedure 117 implemented in January
Complete phase 2 of the CWx research project to remove 50% CO_2 from CHP boiler 16 stack	Moved into 2015 plan
Consign no hazardous process waste to landfill	None consigned

This table will be included in our Environmental Statement that will subject to verification next month by BSi. If verified it will then be issued in compliance with the EMAS. This letter can go into the public register. Please contact me if you have any queries; 01633 754549.

Yours sincerely

Nicola Newton
HSE Manager
