Section 1 – Compliance Assessment Summary

This is based on the requirements of the permit under the Environmental Permitting Regulations or the licence under the Water Resources Act 1991 as amended by the Water Act 2003. A detailed explanation is captured in "Compliance Assessment Report Detail" (Section 2) and any actions you may need to take are given in the "Action(s)" (section 4). This summary details where we believe any non-compliance with the permit has occurred, the relevant condition and how the non-compliance has been categorised using our Compliance Classification Scheme (CCS). CCS Scores can be consolidated or suspended where appropriate, to reflect the impact of some non-compliances more accurately. For more details of our CCS scheme, contact your local office.

Permit conditions and compliance summary	CCS Category	Condition(s) breached
C2 - General Management - Management system and operating procedures	C4	1.1.1
G4 - Monitoring and Records, Maintenance and Reporting - Reporting and notification to Natural Resources Wales	C4	4.2.2

KEY: See Section 5 for breach categories, suspended scores will be indicated as such.
A = Assessed or assessed in part (no evidence of non-compliance), **X** = Action only,
O = Ongoing non-compliance, not scored.

Number of breaches recorded	2	Total compliance score (see section 5 for scoring scheme)	0.2

If the Number of breaches recorded is greater than zero, please see Section 3 for our proposed enforcement response

Waste Return Review

A review of the waste returns submissions for permit number EPR-BB3932AL has been completed. Your permit requires you to submit waste returns on a quarterly basis Unfortunately we have not received the waste returns for quarter 4 2015, quarters 1, 2, 3, 4, 2016 and quarters 1 &2 2017. This failure to submit these waste returns is a breach of condition 4.2.2 and 1.1.1 of your permit. As a result of these non-compliances a CCS score 4 has been applied against both condition 4.2.2 and 1.1.1. As you have been scored previously on CAR form dated 10/12/2014 for breaching condition of your permit a site warning has also been applied.

Actions Required by 23rd October 2017

1. You are required to submit the missing waste returns for quarter 4 2015, quarters 1, 2, 3, 4 2016 and quarters 1 & 2 2017 to waste.returns@cyfoethnaturiolcymru.gov.uk by the 23rd October 2017. In the event an operator fails to submit outstanding waste returns, Natural Resources Wales may consider taking further enforcement action.
2. You are required to review condition 3.4.5 of your Environment Management System to ensure it's effectiveness by the 23rd October 2017. You are also required to ensure that this reviewed environment management condition is implemented fully to ensure that a breach of permit condition 4.2.2 does not occur again in the future.

Should you wish to discuss this form or your sites permitted activities please contact your regulating officer Julie Hughes directly on 0300 065 3705 or via email address julie.hughes@cyfoethnaturiolcymru.gov.uk.

Thank you.

Section 3 – Enforcement Response

You must take immediate action to rectify any non-compliance and prevent repetition.
Non-compliance with your permit conditions constitutes an offence and can result in criminal prosecutions and/or suspension or revocation of a permit. Please read the detailed assessment in Section 2 and the steps you need to take in Section 4 below.

In respect of the above non-compliance you have been issued with a warning. At present we do not intend to take further enforcement action. This does not preclude us from taking additional enforcement action if further relevant information comes to light or offences continue.

Section 4 – Action(s)

This section summarises the actions identified during the assessment along with the timescales for when they will need to be completed.

C2	C4	You are required to review condition 3.4.5 of your Environment Management System to ensure it	23/10/2017

Section 5 – Compliance notes for the Operator

To ensure you correct actual or potential non-compliance we may

- Advise on corrective actions verbally or in writing
- Require you to take specific actions verbally or in writing
- Issue a notice
- Require you to review your procedures or management system
- Change some of the conditions of your permit
- Decide to undertake a full review of your permit

Any breach of a permit condition is an offence and we may take legal action against you

- We will normally provide advice and guidance to assist you to come back into compliance either after an offence is committed or where we consider that an offence is likely to be committed. This is without prejudice to any other enforcement response that we consider may be required.
- Enforcement action can include the issue of a formal caution, prosecution, the service of a notice and/or suspension or revocation of the permit.

See our Enforcement and Civil Sanctions guidance for further information

This report does not relieve the site operator of the responsibility to

- Ensure you comply with the conditions of the permit at all times and prevent pollution of the environment
- Ensure you comply with other legislative provisions which may apply
