Date: 18th January 2013

Dear Mr Williams

POLLUTION PREVENTION AND CONTROL (ENGLAND & WALES) REGULATIONS 2000.
PORTFIELD FARM POULTRY UNIT

Thank you your for time and cooperation during my inspection at Portfield Farm Poultry farm on Wednesday 16th January. During the inspection the following points were noted :

Actions completed resulting from issues identified at the previous inspection

- Accident management plan updated to include emergency procedures, changes to site plan and drainage plan to take account of installation of heat exchangers.
- Outlet pipe in fuel oil storage tank bund had been removed and opening sealed
- Raw materials inventory displayed on office wall (a copy needs to be placed in the accident management plan folder)
- The documents relating to the improvement conditions (housing and drainage reviews) have now been completed
- Required signage now on display in window of site gatehouse
- The five plans and four reviews were complete at the time of this inspection.

A copy of the site closure plan should be placed in the accident management folder.

No breaches of the conditions of the permit were identified

If you have any queries relating to this document please feel free to contact me.

Yours sincerely

C Gardener
