### **Introductory note**

**This introductory note does not form a part of the notice.**

The following notice gives notice of the variation and consolidation of an environmental permit.

This is an operator led variation for a tier 3 bespoke environmental permit to:

- add waste transfer station activity;
- remove closed vessel composting activity; and
- to update the permit into modern format (updating consolidation).

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
