Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation and consolidation of an environmental permit.

This variation is to vary the permit from an existing Standard Rules Permit for SR2008 No20: Vehicle depollution facility (Authorised Treatment Facility), to a Tier 3 bespoke permit for mixed metal recycling site. The waste management activities include the depollution and dismantling of end of life vehicles and the storage, sorting and manual treatment of scrap metals.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
