### Introductory note

#### This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This is an administration variation to include the following additional waste codes in Table S2.1 – Permitted waste types and quantities: 17 02 01 (wood), 17 02 03 (plastic) and 20 01 38 (wood other than that mentioned in 20 01 37).

This also incorporates a Regulator led variation to include the chipping, shredding and blending of permitted wastes in Table S1.1 – Limits of activities.

No other changes have been made.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
