Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the transfer in part of an environmental permit to a new operator (the transferee) and the changes made to the original permit (the transferor's permit).

The part transfer has resulted in the removal of the open windrow composting and all associated conditions/requirements from the existing permit. Waste types relevant to (and suitable for) the open windrow composting activity have been included in the new permit for open windrow composting issued to Kelda Organic Energy (Cardiff) Ltd.

These waste types have also remained in the permit for The City of Cardiff Council, as they are also relevant to activities covered in that permit.

The permit holder name has been updated to *City of Cardiff Council* to reflect their name change.

Any changes made as a result of the part transfer are set out in Schedule 1.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
