Dear Sirs

***Re: Environmental Permitting Regulations 2010;  
Transfer of Environmental Permit EAWML30190/ EPR/SP3795FZ***

Please find enclosed our completed application for a full transfer of the above Environmental Permit.

This application is being submitted to transfer the Permit from UK Waste Management Limited to Biffa Waste Services Limited. Please note that both companies involved are subsidiaries of Biffa Group Limited and the application is being submitted as an administrative transfer, on the basis that the proposed permit holder has effectively been the operator prior to the implementation of the Environmental Permitting (England and Wales) Regulations 2007 and the management system will be the same.

This approach has been agreed with Natural Resources Wales following pre-application discussions with David Griffiths and subsequent confirmation from Holly Noble that an application fee will not apply in this case.

I enclose 2 copies of our application and a CD with the revised opra profile for your attention. I would be grateful if you could acknowledge receipt of our application by return.  
Yours faithfully

Graham Peacock  
Environmental Regulation Manager
