To whom it may concern

Atlantic Recycling Limited – Partial Surrender Application

Please see enclosed the information required to proceed with the partial surrender application for the In-Vessel Composting activity currently permitted at the above facility. The In-Vessel Composting Facility has not become operational during the time it has been permitted at site and therefore we have agreed via correspondence with Hannah Loughlin that the lower surrender fee of £770.00 could be applied.

It would be much appreciated if an email could be sent to us to confirm date of receipt of the information package associated with the partial surrender of permit.

If you require any further detail or clarification please do not hesitate to contact me.

Yours sincerely

For RPS
