

Permit Number: AB3190ZZ

Operator: Neil Elliott and Kathryn Elliott

Facility: Black Rock Farm Poultry Unit

Form Number: GCN1 / DD/MM/YY

Reporting of monitoring of Great Crested Newts (GCN) and habitat for the period from DD/MM/YYYY to DD/MM/YYYY

Emission Point	Substance / Parameter	Reference Period	Result ^[1]	Reference Method ^[2]	Survey Date and Times ^[3]
GCN 1	Number of GCNs encountered	Survey carried out between mid-April and mid-May		Great Crested Newt Mitigation Guidelines	
	Assessment of monitoring point against Habitat Suitability Index criteria			Oldham, et al. (2000)	
	Environmental conditions encountered: air and water temperature, rain, wind, clarity and turbidity of water, vegetation and topography			Great Crested Newt Mitigation Guidelines	
	Adverse factors encountered (fish, ducks and other fowl, invasive non-native species)			Great Crested Newt Mitigation Guidelines	
GCN 2	Number of GCNs encountered	Survey carried out between mid-April and mid-May		Great Crested Newt Mitigation Guidelines	
	Assessment of monitoring point against Habitat Suitability Index criteria			Oldham, et al. (2000)	
	Environmental conditions encountered: air and water temperature, rain, wind, clarity and turbidity of water, vegetation and topography			Great Crested Newt Mitigation Guidelines	
	Adverse factors encountered (fish, ducks and other fowl, invasive non-native species)			Great Crested Newt Mitigation Guidelines	
GCN 3	Number of GCNs encountered	Survey carried out between mid-April and mid-May		Great Crested Newt Mitigation Guidelines	
	Assessment of monitoring point against Habitat Suitability Index criteria			Oldham, et al. (2000)	
	Environmental conditions encountered: air and water temperature, rain, wind, clarity and turbidity of water, vegetation and topography			Great Crested Newt Mitigation Guidelines	

Emission Point	Substance / Parameter	Reference Period	Result ^[1]	Reference Method ^[2]	Survey Date and Times ^[3]
	Adverse factors encountered (fish, ducks and other fowl, invasive non-native species)			Great Crested Newt Mitigation Guidelines	
GCN 4	Number of GCNs encountered	Survey carried out between mid-April and mid-May		Great Crested Newt Mitigation Guidelines	
	Assessment of monitoring point against Habitat Suitability Index criteria			Oldham, et al. (2000)	
	Environmental conditions encountered: air and water temperature, rain, wind, clarity and turbidity of water, vegetation and topography			Great Crested Newt Mitigation Guidelines	
	Adverse factors encountered (fish, ducks and other fowl, invasive non-native species)			Great Crested Newt Mitigation Guidelines	
GCN 5	Number of GCNs encountered	Survey carried out between mid-April and mid-May		Great Crested Newt Mitigation Guidelines	
	Assessment of monitoring point against Habitat Suitability Index criteria			Oldham, et al. (2000)	
	Environmental conditions encountered: air and water temperature, rain, wind, clarity and turbidity of water, vegetation and topography			Great Crested Newt Mitigation Guidelines	
	Adverse factors encountered (fish, ducks and other fowl, invasive non-native species)			Great Crested Newt Mitigation Guidelines	
GCN 6	Number of GCNs encountered	Survey carried out between mid-April and mid-May		Great Crested Newt Mitigation Guidelines	
	Assessment of monitoring point against Habitat Suitability Index criteria			Oldham, et al. (2000)	
	Environmental conditions encountered: air and water temperature, rain, wind, clarity and turbidity of water, vegetation and topography			Great Crested Newt Mitigation Guidelines	
	Adverse factors encountered (fish, ducks and other fowl, invasive non-native species)			Great Crested Newt Mitigation Guidelines	
GCN 7	Number of GCNs encountered	Survey carried out		Great Crested Newt Mitigation Guidelines	

Emission Point	Substance / Parameter	Reference Period	Result ^[1]	Reference Method ^[2]	Survey Date and Times ^[3]
	Assessment of monitoring point against Habitat Suitability Index criteria	between mid-April and mid-May		Oldham, et al. (2000)	
	Environmental conditions encountered: air and water temperature, rain, wind, clarity and turbidity of water, vegetation and topography			Great Crested Newt Mitigation Guidelines	
	Adverse factors encountered (fish, ducks and other fowl, invasive non-native species)			Great Crested Newt Mitigation Guidelines	
GCN 8	Number of GCNs encountered	Survey carried out between mid-April and mid-May		Great Crested Newt Mitigation Guidelines	
	Assessment of monitoring point against Habitat Suitability Index criteria			Oldham, et al. (2000)	
	Environmental conditions encountered: air and water temperature, rain, wind, clarity and turbidity of water, vegetation and topography			Great Crested Newt Mitigation Guidelines	
	Adverse factors encountered (fish, ducks and other fowl, invasive non-native species)			Great Crested Newt Mitigation Guidelines	

^[2] Reference method either Great Crested Newt Mitigation Guidelines (English Nature, 2001) and Oldham, R.S., Keeble, J., Swan, M.J.S. and M. Jeffcote (2000), Evaluating the suitability of habitat for the Great Crested Newt (*Triturus cristatus*), Herpetological Journal, 10 94, pp. 134-155.

^[3] Survey time to include start time and stop time.
