06 July 2017

Dear Mr Livock,

**Environmental Permitting (England and Wales) Regulations 2016
Permit AP3830XQ – Temporary Boiler**

Further to Puma Energy UK Limited's (Puma) letter dated 26 June 2017 outlining the proposal for a temporary boiler in accordance with Table S1.7 of its environmental permit, we have reviewed the submission and have no objection to the proposed activity. We would ask Puma to consider any amenity issues that could be created by the change i.e. odour and noise and would request that a review of its relevant management plans are undertaken.

If you have any questions regarding this letter, please contact me on the details above.

Yours faithfully
