Our ref: PAN-000161
Your ref:

Date: 18/03/2016

Dear Mr. Gatley

We need more information about your application

Application reference: PAN-000161

Operator: Neath Port Talbot Recycling Limited

Facility: Materials Recovery & Energy Centre

Thank you for your application received on 25/02/2016.

This variation request cannot be regarded as a Minor Technical variation in line with our Charging Scheme and Guidance for the following reasons:

- The site is considered to be of high public interest
- The site is within 300m of the Crymlyn Bog - a sensitive receiving environment

Therefore, this variation is a normal variation.

In order for your application to be considered duly made we require:

- The difference between the calculated normal variation fee and the minor technical fee already paid
- An updated fugitive emissions plan taking into consideration the changes in storage locations
- An updated fire management plan taking into consideration the changes in storage locations (guidance on what constitutes a fire management plan is attached)
- An updated noise management plan taking into consideration the changes in storage locations
- An updated odour management plan taking into consideration the changes in storage locations
- Details of the dimensions and design of the external storage areas and the maximum amount and nature of the materials to be stored in each area
- An updated site plan showing the location of the storage areas in relation to local sensitive receptors (human and ecological)

I have attached the most recent OPRA tool we have on file for Neath Port Talbot Recycling Limited. Please check that the information provided in this tool is correct then send us the

difference between the normal variation fee given and the minor technical fee already paid. It is vital that the information provided in the OPRA tool is correct. The information provided in the OPRA tool should reflect current permitted activities, and not actual on-site activities if they are different to what your permit allows.

If you need advice about how to complete the OPRA tool, or work out what your fee is, please contact your site compliance officer by calling 0300 065 3203.

Please pay the relevant fee and send the additional documents to the address below by **8th April 2016**. If we don't hear from you by then we must return your application and fee. Please quote the application reference PAN-000161 on all correspondence.

When we receive the missing items we'll continue to check the details in your application. If there's enough there for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter.

If you have any questions please email Llinos.Owen@naturalresourceswales.gov.uk.

Yours sincerely,

Llinos Owen
Senior Permitting Officer (RSR and Installations)
