Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation and consolidation of an environmental permit.

Application to vary permit to install a new Cleaning in Process line, a new production line "Wrexham Water Line", and to upgrade the boilers to a capacity of 6.2MW. There will be an increase in the use of caustic from 1,300kg/year to 2,600kg/year. We have specified in table S3.3 that monitoring to sewer will be undertaken to MCERTS.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
