Infinis (Re-Gen) Limited

Tir John Landfill Gas Utilisation Plant
Compound
Fabian Way
Port Tennant
Swansea
SA7 9XT

Variation application number

EPR/BP3738LS/V004

Permit number

EPR/BP3738LS

Tir John Landfill Gas Utilisation Plant

Permit number EPR/BP3738LS

Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation and consolidation of an environmental permit.

Following a Natural Resources Wales permit review a number of improvements to the current permit have been identified. This consolidated permit:-

- standardises some of the monitoring requirements to correspond with other Gas Utilisation permits;
- includes additional monitoring requirements in accordance with guidance & site specific risks;
- Includes a new improvement condition to address Natural Resources Wales comments on a recent Air Quality submission submitted by the Operator in respect of changes to the landfill and changes in the configuration of the gas utilisation plant engines.
- This variation incorporates the changes required by the Industrial Emissions Directive. This includes the amendment of several permit conditions relating to notifications, and also includes the addition of a condition relating to a requirement for monitoring of groundwater and soil.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Application BP3738LS	Duly made 30/03/06	
Additional information requested	Schedule 4 19/10/06
