Introductory note

This introductory note does not form a part of the permit

The following notice, which is issued pursuant to regulation 20 and Part 1 of Schedule 5 of the Environmental Permitting (England and Wales) Regulations S.I.2007 No. 3538 (the Regulations), gives notice of the variation of an environmental permit to operate a regulated facility.

Brookhill Landfill is located near Buckley, North Wales. The site occupies an area of approximately 5 hectares. It was initiated in the 19th century when it was a clay pit forming part of the Brookhill Brickworks. From the late 1980s the pit was reworked for stone and limited opencast coal extraction. The permit was issued as a non hazardous landfill.

The variation is to amend the Finance condition 1.3 in the permit, to reflect the financial provision agreement change to Performance Deed (Local Authority), dated 25/09/2009.

Schedule 1 of this notice lists any deleted conditions, Schedule 2 lists any amended conditions and Schedule 3 lists any conditions that have been added.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
