Dyddiad/Date: 3rd April 2013

Dear Mr Linkman

**Environmental Permitting (England and Wales) Regulations 2010
Changes at Flint Paper Mill**

Following our meeting on the 14th of March I am writing to confirm the issues we discussed relating to the closure of Delyn Mill.

The complete decommissioning of the paper machine and demolition of the building will mean that this activity will need to be removed from your Environmental Permit. You will need to apply for a partial surrender and this will need to be supported with information to demonstrate that there has been no impact on the underlying ground during the time the permit has been in effect.

All permitting work is now carried out in Wales and the address for sending permit applications is:

Permit Receipt Centre
Natural Resources Wales
Cambria House
29 Newport Road
Cardiff
CF24 0TP

permitreceiptcentre@naturalresourceswales.gov.uk

The permitting officers will be happy to provide any advice you need regarding the application.

Yours sincerely,

Alison Soper

Regulatory Officer 1 (PIR/RSR) – Swyddog Rheoliadol 1 (RhDP/RhSY)
