The Biotec P6 is suitable for up to 6 people

Kingspan Environmental has long recognised the demand by customers for products endorsed with Agrément certification and **BS EN ISO 9002** quality assurance.As a leading European manufacturer Kingspan Environmental has been instrumental in forging new environmental standards both for the UK and Europe. In this regard Kingspan Environmental is proud to have received the new **BS14001 environmental standard**.

At all times you can be assured that the specification of Kingspan Environmental products will provide value for money, durability, quality and reliability.

#### Application

The Klargester Biotec is suitable for applications up to 25 people and is ideal for the following applications:

- Individual dwellings.
- Small constructions.
- Suitable for small - medium sized commercial properties.
- Upgrading your existing septic tank.

#### Features and Benefits

- No moving parts within the unit - low running costs and maintenance.
- Low profile lockable cover - safe for children and pets.
- Managed air flow - minimises risk of bad smell nuisance.
- Many different options - suits all situations.
