Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This Natural Resources Wales initiated variation amends conditions 2.2.1 and 2.2.2 which previously contained critical errors which impacted the enforceability of the permit. The variation also adds a detailed and more appropriately scaled plan (Waste Treatment Facility Site Boundary Plan) to mark the permit boundaries of the activities authorised Table S1.1 subsection ii) and iv).

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
