1. Application type and fee

For the application types listed, complete this form and/or the relevant additional forms named below. Please tick which forms have been included with your application. Forms should be completed with reference to Guidance Note WRX.

- | | |
|---|--|
| * Pre-application enquiry (non-hydropower) | <input type="checkbox"/> Only complete this form |
| * Pre-application enquiry (hydropower) | <input type="checkbox"/> Also complete form WRB |
| * Application for a Groundwater Investigation Consent | <input type="checkbox"/> Only complete form WRC |
| New full abstraction licence | <input checked="" type="checkbox"/> Also complete form WRD |
| New temporary abstraction licence | <input type="checkbox"/> Also complete form WRD |
| New licence to transfer water | <input type="checkbox"/> Also complete form WRD |
| New impoundment licence | <input checked="" type="checkbox"/> Also complete form WRE |
| Renewal of a time-limited licence | <input type="checkbox"/> Also complete form WRD |
| Removal of an existing impoundment | <input type="checkbox"/> Also complete form WRE |
| Technical variation of an abstraction licence | <input type="checkbox"/> Also complete form WRD |
| Technical variation of an impoundment licence | <input type="checkbox"/> Also complete form WRE |
| * Administrative variations to existing licences | <input type="checkbox"/> Only complete form WRF |
| * No fee required | |

Please indicate how you wish to pay your application fee and provide a reference number where relevant.

Cheque ☒ BACS ☐ Credit or debit card ☐

Your reference number

PPN-00237

2. Applicant details

This is who the licence would be issued to and must be a legal entity such as an individual, registered company, charity or public body. If you are an agent acting on behalf of an applicant, provide their details here and yours in Section 3. See Guidance Note WRX for clarification of the details required and signatories permissible for organisations.

4. Entitlement to apply (only required for abstraction licence applications)

Does the applicant have a legal right of access to the point of abstraction?

Has a right of access

☐

Has an expected right of access

☒

Owner/occupier of land

☐

Date these access rights are expected

16/11/18

For formal abstraction licence applications where you are the landowner/occupier, provide a map with the land boundary and all abstraction and discharge point(s) marked. Please tick here to show that you have done this. ☒

For expected rights of access, please also provide the additional evidence as outlined in Guidance Note WRX. Please tick here to show that you have done this. ☒

5. Application reference number

Have you undertaken a pre-application enquiry or had any previous discussions with us?

No

☐

Yes

☒

Provide reference
number or staff
member's name

PPN-00237.

6. Remediation work

Is this proposal as a result of a Restoring Sustainable Abstraction programme or other work requested by us?

No

☒

Yes

☐

If yes, provide your
licence number

7. Source of supply

7.1 State where you intend to abstract from

Surface Water

☒

Groundwater

☐

Give Groundwater Investigation Consent number
if applicable

7.2 Provide a 12 digit National Grid Reference for the proposed or existing abstraction or impoundment point (e.g. ST 19057 76826)

SH

68934

02950

7.3 Source of supply or location of
proposed impoundment

Unnamed tributary of the Afon Alice

7.4 Site name / reference

Mark Sealy

8. Proposal summary

Please provide an outline of your proposal as described in Guidance Note WRX, including any sketches. If you are submitting a pre-application enquiry, this must include the quantities of water you propose to abstract. If necessary continue on a separate sheet and tick here to show that you have done this. ☐

A 34kW hydropower scheme is proposed. This will be a grid connected scheme. Two intake weirs are proposed (referred to as 'Intake 1' and 'Intake 2'). This application form is for 'Intake 1'. The intake weir will consist of a concrete floor slab and back wall with a stainless steel intake chamber and coanda style screen. A 200mm diameter HDPE welded pipe will run from 'Intake 1' to a forebay tank adjacent to 'Intake 2' where the two abstractions will be combined. The penstock will run from the forebay tank and will be 1052 metres long with a diameter of 280mm, HDPE welded. It will run to the power house which will be next to the watercourse. The turbine type proposed is a turgo. The turbine would be turned on and off automatically depending on the water level in the forebay tank. The flow rate, and hence the turbine power, would be modulated using a spear valve on the turbine nozzle. The site's gross head is 98.3m (from the forebay tank adjacent to Intake 2 to the turbine), net head 94.6m.

A 'hands off flow' (HOF) notch will be incorporated in the intake weir and until the HOF has been satisfied, no water will be abstracted. In addition to this the proportional take, in excess of the HOF, is proposed to be 70% and this will be ensured by the screen's width being 70% of the full weir crest's width. An orifice plate will be placed over the outlet from 'Intake 1' to limit its maximum abstraction flow to the licenced amount.

Intake 1 abstraction quantities:

Maximum instantaneous abstraction flow: 19 l/s

Max hourly abstraction (max abstraction flow x 3600 sec): 67.5 cubic metres

Max daily abstraction (Max hourly abstract x 24h): 1,620.0 cubic metres

Max Annual abstraction (Max Daily Abstraction x 365 days): 591,300 cubic metres

Intake 2 abstraction quantities:

Maximum instantaneous abstraction flow: 31 l/s

Max hourly abstraction (max abstraction flow x 3600 sec): 112.5 cubic metres

Max daily abstraction (Max hourly abstract x 24h): 2,700.0 cubic metres

Max Annual abstraction (Max Daily Abstraction x 365 days): 985,500 cubic metres

[Note the max instantaneous abstraction flows have been apportioned to each intake based on the fact that the tributary's mean flow (Intake 1) is 60% of Afon Alice's (Intake 2) and an aggregate design flow (max turbine flow) of 50 l/s is required]

9. Declaration

Please see Guidance Note WRX for details of who can sign this section and note the information in that document relating to the Data Protection Act 1998.

By signing below, you are declaring that as far as you know and believe the information given in this form, on any map and in any supporting or additional information, is true.

Application Checklist

Please tick the following checklist items to indicate that you have included the required information. If any sections of the form are left blank and no supporting information submitted, where we have insufficient information to make a decision on your application, we will return your application to you.

Essential:

- Letter of authorisation from the applicant, allowing the agent to act as signatory ☐
- Map showing the land ownership boundary with all abstraction and discharge point(s) clearly marked ☒

Where relevant:

- Evidence of negotiations of expected access rights, if applicable ☒
- For groundwater abstractions, results of pump test (if not previously submitted) ☐

For Natural Resources Wales' use only:

Date received _____

Reference Number _____

Payment received Yes ☐ Amount received _____
No ☐ Not required ☐
