

Mrs Claire Powell  
Airbus UK  
Chester Road  
Broughton  
CH4 0DR

**Our ref: PAN-002197**

**Your ref: -**

**Date: 05 January 2018**

Dear Mrs Powell,

**We need more information about your application.**

**Application reference: PAN-002197 (BM3965IA)**  
**Operator: Airbus Operations Ltd**  
**Facility: Broughton Aircraft Factory, Chester Road, Broughton,  
CH4 0DR**

Thank you for your application received on 21 December 2017. I need to ask you for some more information before I can decide that your application is duly made. The information required is summarised below:

Site plan

The site plan submitted with the application does not clearly show the emission points for the site. Additionally, the key displaying the reference codes on this page is covering a section of the installation and boundary marker.

Please resubmit a new site plan with clear indicators and references for emission points.

Environmental risk assessment: particulate emissions

No H1 equivalent environmental risk assessment has been included with the application to quantitatively assess the risk of particulate matter emissions from your site. I am aware that a notice was included with the application, explaining that mathematical modelling of the site's particulate emissions would be delayed until early this month (January 2018). Unfortunately as this emissions data is a critical part of the application's environmental risk assessment, I am unable to duly make the application until this is received.

Please reply within 10 working days from the date of this letter. If we don't hear from you, we must return your application and fee.

When we receive the missing items we'll continue to check the details in your application. If there's enough there for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter.

If you email or write to us please quote the application reference PAN-002197 on any correspondence and send it to the relevant address below. If you have any questions please phone me on 0300 065 3474 or email [Chris.Roscoe@naturalresourceswales.gov.uk](mailto:Chris.Roscoe@naturalresourceswales.gov.uk).

Yours sincerely

**Chris Roscoe**  
**Senior Permitting Officer**
