Dear Mr McKenna

**Environmental Permitting Regulations (England and Wales) 2010
Permanent Use of Primecoat Z801-18 on HDG5**

I refer to your e-mail of 28 May 2013 requesting the permanent use of Primcoat Z801-18 on No.5 Galv. Line. The information provided demonstrates that the potential environmental impact has been assessed and will be minimised by following appropriate procedures. The change will not require a variation of your Environmental Permit. It will be acceptable to Natural Resources Wales for this change to go ahead as described in your submission.

Yours sincerely
