Dear Mr Lewis

This letter has been forwarded to yourself (as the source of this application submission) as no details have been recorded within the application as to whom we may otherwise contact to discuss the application progress.

**We need more information about your application.**

**Application reference:** PAN-001577  
**Intended New Operator:** TATA Steel UK Ltd  
**Facility:** Trostre Boiler House, Trostre Works, Llanelli

Thank you for your application received on 16/05/2017. I need to ask you for some more information before I can decide that your application is duly made. The information required is summarised below:

**Confirmation of intended application**

Unfortunately both a Transfer and consolidation (Variation) of environmental permits cannot be performed through one application. Different information, evidence and fees are required for these two activities, therefore two sequential applications (Transfer then Variation) would be required to achieve the desired goal.

The following request for further information continues with the assumption that a Transfer is what is being requested in this current application. Please advise whether this is the basis upon which you wish to proceed.

**Incomplete Application Forms**

I need to ask you for some more information before I can do any more work on it. Please would you provide us with answers to the following application form questions;

**Part A**

- Question 5A: missing company registration date
- Question 6A: no postcode has been provided
- Question 7A: no contact details have been provided for an individual that we may discuss your application with

**Part D2**

Correspondence welcomed in Welsh and English

- Question 1C: missing National Grid reference
- Question 4C: no details have been included to address the request of any bankruptcy history

#### Part F1

- Question 1, Table 1: please confirm the type of application - dual applications (of Transfers and Variations) are not possible

#### **OPRA Charging File**

Unfortunately you've submitted an OPRA form which doesn't align to our current charging scheme. We need you to complete and return an OPRA form valid for this year together with any additional fee that may be required. The correct OPRA form for Installations is available on our website at <https://naturalresources.wales/about-us/what-we-do/how-we-regulate-you/our-charges/?lang=en>

#### **Declaration by a Relevant Person**

Unfortunately the declaration on form Part F1 is not complete to say this is a valid application. Please make sure a relevant person completes this and send it back to us. In the case of a company, a relevant person would be a director, manager, company secretary or any similar officer or employee listed on current appointments in Companies House. A Delegation of Authority from a relevant person would permit another business employee to sign on the relevant person's behalf.

Please reply within 10 working days from the date of this letter. If we don't hear from you, we must return your application and fee.

When we receive the missing items we'll continue to check the details in your application. If there's enough there for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter.

If you email or write to us please quote the application reference PAN-001577 on any correspondence and send it to the relevant address below. If you have any questions please phone me on 0300 065 3474 or email [Chris.Roscoe@naturalresourceswales.gov.uk](mailto:Chris.Roscoe@naturalresourceswales.gov.uk).

Yours sincerely

**Chris Roscoe**
