

Time periods for notification following detection of a breach of a limit	
Parameter	Notification period

(c) Notification requirements for the detection of any significant adverse environmental effect	
To be notified within 24 hours of detection	
Description of where the effect on the environment was detected	
Substances(s) detected	
Concentrations of substances detected	
Date of monitoring/sampling	

Part B - to be submitted as soon as practicable

Any more accurate information on the matters for notification under Part A.	A revised HI has been completed - 21.03.2016
Measures taken, or intended to be taken, to prevent a recurrence of the incident	We believe, based on HI assessment, no action needed.
Measures taken, or intended to be taken, to rectify, limit or prevent any pollution of the environment which has been or may be caused by the emission	The revised HI determines the environmental impact to be insignificant.
The dates of any unauthorised emissions from the facility in the preceding 24 months.	Daily - during normal operation. However - this is insignificant.
