

	EPR Compliance Assessment Report	Report ID: AP3633HT/0236983			
This form will report compliance with your permit as determined by an NRW officer					
Site	SANDYCROFT POULTRY PROCESSING		Permit Ref	YP3632EM	
Operator/ Permit holder	2 Sisters Poultry Limited				
Date	01/04/2015	Time in	10:00	Out	16:00
What parts of the permit were assessed	Odour Management				
Assessment	Site Inspection	EPR Activity:	Installation	X	Waste Op
Recipient's name/position	Steve Van Der Keift				
Officer's name	Matthew Kelk, Lara Cubley		Date issued	10/04/2015	

Section 1 - Compliance Assessment Summary

This is based on the requirements of the permit under the Environmental Permitting Regulations. A detailed explanation and any action you may need to take are given in the "Detailed Assessment of Compliance" (section 3). This summary details where we believe any non-compliance with the permit has occurred, the relevant condition and how the non-compliance has been categorised using our Compliance Classification Scheme (CCS). CCS scores can be consolidated or suspended, where appropriate, to reflect the impact of some non-compliances more accurately. For more details of our CCS scheme, contact your local office.

Permit Conditions and Compliance Summary			Condition(s) breached
a) Permitted activities	1. Specified by permit	N	
b) Infrastructure	1. Engineering for prevention & control of pollution	A	
	2. Closure & decommissioning	N	
	3. Site drainage engineering (clean & foul)	N	
	4. Containment of stored materials	N	
	5. Plant and equipment	N	
c) General management	1. Staff competency/ training	N	
	2. Management system & operating procedures	A	
	3. Materials acceptance	N	
	4. Storage handling, labelling, segregation	N	
d) Incident management	1. Site security	N	
	2. Accident, emergency & incident planning	N	
e) Emissions	1. Air	N	
	2. Land & Groundwater	N	
	3. Surface water	N	
	4. Sewer	N	
	5. Waste	N	
f) Amenity	1. Odour	N	
	2. Noise	N	
	3. Dust/fibres/particulates	N	
	4. Pests, birds & scavengers	N	
	5. Deposits on road	N	
g) Monitoring and records, maintenance and reporting	1. Monitoring of emissions & environment	N	
	2. Records of activity, site diary, journal & events	N	
	3. Maintenance records	N	
	4. Reporting & notification	C4	4.1.2 & 4.1.3 & 4.1.5
h) Resource efficiency	1. Efficient use of raw materials	N	
	2. Energy	N	

KEY: C1, C2, C3, C4 = CCS breach category (* suspended scores are marked with an asterisk),
A = Assessed (no evidence of non-compliance), N = Not assessed, NA = Not Applicable, O = Ongoing non-compliance – not scored

Number of breaches recorded	1	Total compliance score (see section 5 for scoring scheme)	0.1
------------------------------------	---	---	-----

If the Total No Breaches is greater than zero, then please see Section 3 for details of our proposed enforcement response

Section 2 – Compliance Assessment Report Detail

This section contains a report of our findings and will usually include information on:

- the part(s) of the permit that were assessed (e.g. maintenance, training, combustion plant, etc)
- where the type of assessment was 'Data Review' details of the report/results triggering the assessment
- any non-compliances identified
- any non-compliances with directly applicable legislation
- details of any multiple non-compliances
- information on the compliance score accrued inc. details of suspended or consolidated scores.
- details of advice given
- any other areas of concern
- all actions requested
- any examples of good practice.
- a reference to photos taken

This report should be clear, comprehensive, unambiguous and normally completed within 14 days of an assessment.

In this document 'Natural Resources Wales' means the Natural Resources Body for Wales established by Article 3 of the Natural Resources Body for Wales (Establishment) Order 2012.

Natural Resources Wales (NRW) Officers carried out an inspection/audit of the plant on the 1st April 2015. The main focus of the audit was odour management.

The following areas of concern were discussed during the inspection:-

Advice and Guidance

During a site walkover, evidence was found that the feather flume header tank was heavily corroded with large holes due to lack of maintenance. Potential to allow odour to escape. Site informed NRW whilst on site that the tank will be removed and pipework changed. Please provide action plan and timescale for completion by 10 May 2015.

Liquid leaking from rear of Animal By Products (ABP) Trailers onto the yard before discharging into drainage toward effluent treatment plant (ETP). Liquid on yard, potential to cause odour in warmer months. Discussed during site visit, site to pipe liquid directly into drain from ABP trailers avoiding spillage onto yard. Please provide action plan and timescale for completion by 10 May 2015.

A large number of IBC's within the ETP area are not stored in adequate secondary containment. In the likelihood of a failure of one of the IBC's, spillage would drain straight into the ETP, if this occurred unknown to staff, potential to affect optimum operation of ETP plant. Site to investigate using individual bunds for IBC's in ETP area. Please provide action plan and timescale for completion by 10 May 2015.

Annual Reporting

Review of 2014 Annual Returns submitted for 2 Sisters Sandycroft to satisfy reporting conditions of permit YP3632EM submitted 23 March 2015.

Please note for future that annual returns are due by 31 January of each year, see reporting condition 4.1.2 & 4.1.3 & 4.1.5.

This is a breach of condition and has been scored a category 4 score.

Annual Returns and EMS Review

Emissions to Sewer.

Emissions to sewer reviewed form S2 – Emission point S1

Emissions to sewer below permitted limits.

Water Usage

Noted water decrease since 2013, water usage is generally low compared to industry standard.

Waste Disposal

It is recognised that there has been a significant decrease in waste disposal in 2014 due to increased recycling rate.

Energy Usage

No significant increases in usage compared to 2013

Fugitive Emissions Review:

Following discussions with NRW in 2014, noted improvements to odour abatement to be installed in 2015, including blood/balance scrubber improvements, feather screen ducting and enclosed effluent fines screen.

	EPR Compliance Assessment Report	Report ID: AP3633HT/0236983	
This form will report compliance with your permit as determined by an NRW officer			
Site	SANDYCROFT POULTRY PROCESSING	Permit	AP3633HT
Operator/ Permit	WW&E (Wales And West England) Limited	Date	01/04/2015

Section 3- Enforcement Response	Only one of the boxes below should be ticked
You must take immediate action to rectify any non-compliance and prevent repetition. Non-compliance with your permit conditions constitutes an offence and can result in criminal prosecutions and/or suspension or revocation of a permit. Please read the detailed assessment in Section 2 and the steps you need to take in Section 4 below.	
Other than the provision of advice and guidance, at present we do not intend to take further enforcement action in respect of the non-compliance identified above. This does not preclude us from taking enforcement action if further relevant information comes to light or advice isn't followed.	
In respect of the above non-compliance you have been issued with a warning. At present we do not intend to take further enforcement action. This does not preclude us from taking additional enforcement action if further relevant information comes to light or offences continue.	X
We will now consider what enforcement action is appropriate and notify you, referencing this form.	

Section 4- Action(s)			
Where non-compliance has been detected and an enforcement response has been selected above, this section summarises the steps you need to take to return to compliance and also provides timescales for this to be done.			
Criteria Ref.	CCS Category	Action Required/Advised	Due Date
See Section 1 above			
G4	C4	No action specified	N/A

Section 5 - Compliance notes for the Operator

To ensure you correct actual or potential non-compliance we may

- advise on corrective actions verbally or in writing
- require you to take specific actions in writing
- issue a notice
- require you to review your procedures or management system
- change some of the conditions of your permit
- decide to undertake a full review of your permit

Any breach of a permit condition is an offence and we may take legal action against you.

● We will normally provide advice and guidance to assist you to come back into compliance either after an offence is committed or where we consider that an offence is likely to be committed. This is without prejudice to any other enforcement response that we consider may be required.

● Enforcement action can include the issue of a formal caution, prosecution, the service of a notice and or suspension or revocation of the permit.

See our Enforcement and Civil Sanctions guidance for further information

This report does not relieve the site operator of the responsibility to

- ensure you comply with the conditions of the permit at all times and prevent pollution of the environment
- ensure you comply with other legislative provisions which may apply.

Non-compliance scores and categories

CCS category	Description	Score
C1	A non-compliance which could have a major environmental effect	60
C2	A non-compliance which could have a significant environmental effect	31
C3	A non-compliance which could have a minor environmental effect	4
C4	A non-compliance which has no potential environmental effect	0.1

Operational Risk Appraisal (Opra) - Compliance assessment findings may affect your Opra score and/or your charges. This score influences the resource we use to assess permit compliance.

Section 6 – General Information

Data protection notice

The information on this form will be processed by the Natural Resources Wales (NRW) to fulfill its regulatory and monitoring functions and to maintain the relevant public register(s). The NRW may also use and/or disclose it in connection with:

- offering/providing you with its literature/services relating to environmental matters
- consulting with the public, public bodies and other organisations (e.g. Health and Safety Executive, local authorities) on environmental issues
- carrying out statistical analysis, research and development on environmental issues
- providing public register information to enquirers
- investigating possible breaches of environmental law and taking any resulting action
- preventing breaches of environmental law
- assessing customer service satisfaction and improving its service
- Freedom of Information Act/Environmental Information Regulations request.

The NRW may pass it on to its agents/representatives to do these things on its behalf. You should ensure that any persons named on this form are informed of the contents of this data protection notice.

Disclosure of information

The NRW will provide a copy of this report to the public register(s). However, if you consider that any information contained in this report should not be released to the public register(s) on the grounds of commercial confidentiality, you must write to your local area office within twenty working days of receipt of this form indicating which information it concerns and why it should not be released, giving your reasons in full.

Customer charter

What can I do if I disagree with this compliance assessment report?

If you are unable to resolve the issue with your site officer, you should firstly discuss the matter with the officer's line managers. If you wish to raise your dispute further through our official Complaints and Commendations procedure, phone our general enquiry number 0300 065 3000 (Mon to Fri 08.00–18.00) and ask for the Customer Contact team or send an email to enquiries@naturalresourceswales.gov.uk. If you are still dissatisfied you can make a complaint to the Public Services Ombudsman for Wales. For advice on how to complain to the Ombudsman phone their helpline on 0845 607 0987.
