Ein cyf / Our ref: YP3632EM
Eich cyf / Your ref:

Dyddiad/Date: 2nd June 2014

I write to you regarding your letter dated the 23rd April 2014 requesting that Sandycroft Poultry Processing change the frequency for reporting of monitoring data as required by condition 4.1.2 of your environmental permit (ref YP3632EM).

At present under condition 4.1.2.4 you are required to report monitoring within 28 days of the end of each monitoring period.

Natural Resources Wales gives approval that monitoring data can be sent to us on an annual basis rather than at the end of each monitoring period. The monitoring period for each parameter remains the same, i.e. every 12 months or quarterly as specified under *table S2: Reporting of monitoring data of permit YP3632EM*.

Natural Resources Wales requires that this data is sent to us by the 28th January each year from this point forward.

Please do not hesitate to contact me if you have any queries regarding the contents of this letter.

Yours Sincerely,

Matthew Kelk
