Dear Steven

Environmental Permitting Regulations (England & Wales) 2010

Re. Regulation 36 – Enforcement Notice to take specified steps in relation to a breach of permit condition.

I am writing following receipt of your letter dated 19 August 2013 and my inspection of your Sandycroft site on 23 August 2013.

My inspection confirmed (as stated in your letter) that the requirements of the enforcement notice for the installation of scald odour abatement by 23 August 2013 have not been met.

This is a serious matter and we are considering our enforcement response.

We have considered the representation made in your letter. Whilst we cannot extend the timescale set in the enforcement notice, we require that you meet the proposed scrubber installation and operation date of 26 October 2013.

If the work is not completed we will consider prosecution and we will bring this letter to the attention of the court.

If you have any queries please do not hesitate to contact me on 01244 894622.

Yn gywir / Yours faithfully

Stuart Ross
