

Glanbia Cheese Ltd
Glan Hwfa Road, Llangefni

Telephone 01248750351
Facsimile 01248750566

Permit Number BV8024IW

Date: 17th October 2013

Under condition 1.5 (minor operational changes) we seek approval to install a new Ammonia refrigeration system to replace the existing "life expired" Freon R22 refrigeration system used to generate chilled water on site.

This will involve extending the existing brine building to accommodate the new units.

No asbestos will be removed at this stage of the project.

All waste to be removed from site will do so through a licensed contractor.

The project is due to start in November 2013 with the erection of external pipework and then the main bulk of the work and completion to be in January 2014.

Roger Williams
Environmental Manager
