Hello Lara,

My apologies, the solvent report is attached perhaps I overlooked this when I submitted the other reports? (I thought it was included in the envelope sent I through) I have now produced a checklist for next time! I am certainly enjoying the lighter nights and actually managed a hack the other evening after work between the rain showers.

Kind Regards,
Debbie

Debbie Roberts

Hi Debbie,

In reviewing all submissions required by your Permits for 2013 it would appear that for the infra red Permit we have not received data required by Condition 2.2.4 regarding solvent consumption and the requirement for fugitive emissions to not exceed 20% as required under the Solvent Emissions Directive.

Can you please confirm whether you believe to have submitted this or not?

Hope you are enjoying the lighter nights and warmer weather to do more with the horses

Regards Lara

Lara Cubley
