Permit and Introductory note: the PPC Regulations  
Schedule 1 - Notification of abnormal emissions

## Schedule 1 - Notification of abnormal emissions

This page outlines the information that the Operator must provide to satisfy conditions 5.1.1 and 5.1.2 of this Permit. Units of measurement used in information supplied under Part A and B requirements shall be appropriate to the circumstances of the emission. Where appropriate, a comparison should be made of actual emissions and authorised emission limits.

If any information is considered commercially confidential, it should be separated from non-confidential information, supplied on a separate sheet and accompanied by an application for commercial confidentiality under the provisions of the PPC Regulations.

### Part A

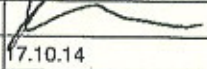

Permit Number	EPR/BX64211Y
Name of Operator	Rehau Ltd
Location of Installation	Unit 8 , Amlwch Business Park , Amlwch , LL689BX
Location of the emission	Main Silo Area
Time and date of the emission	14.00 on 17.10.14

Substance(s) emitted	Media	Best estimate of the quantity or the rate of emission	Time during which the emission took place
PVC	Air / Land	200kg	20seconds

Measures taken, or intended to be taken to stop the emission	The Tanker driver connected our supplied pipe to his vehicle , lifted the body and then began to pump the PVC powder when the storz coupling to his vehicle came off spraying the yard with PVC powder. The valve was immediately closed by the driver and the spillage team then cleaned the area. All powder was removed for disposal . The Envirovalve was activated when the spillage occurred and reopened once the area was clear.
--------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

### Part B

Any more accurate information on the matters for notification under Part A	
Measures taken, or intended to be taken, to prevent a recurrence of the incident	
Measures taken, or intended to be taken, to rectify, limit or prevent any pollution of the environment or harm which has been or may be caused by the emission	
The dates of any unauthorised emissions from the installation in the preceding 24 months.
