Incomplete application forms

Not all of the questions included in the application forms have been answered. In form C2, question 1B has been omitted. Please can you review this question and submit an answer.

Unclear Site Layout

The site map that you've submitted does not contain sufficient detail to be able to recognise the position of the intended changes included in your variation. Please submit a new site diagram which identifies the buildings, compounds, and storage areas referenced in your variation documents.

Declaration by a Relevant Person

Unfortunately the declaration is not complete to say this is a valid application. Please make sure a relevant person completes this and send it back to us. In the case of a company, a relevant person would be a director, manager, company secretary or any similar officer or employee listed on current appointments in Companies House. A Delegation of Authority from a relevant person would permit another business employee to sign on the relevant person's behalf. Further advice on this is available on our website;
