Dear Ms Jones

Point of Ayr Gas Terminal Shutdown May/June 2014

Further to our meeting yesterday regarding the field-wide maintenance shutdown, I can confirm that Natural Resources Wales will allow the Point of Ayr Gas Terminal to operate without the Tail Gas Unit one week prior to the site shutdown and for one week after start-up. Please provide a summary of the reasoning for this requirement and the shutdown schedule.

Please continue to monitor for SO₂ and NO_x and carry out perimeter odour checks while the Tail Gas Unit is off-line.

Yours faithfully

Elizabeth Voice
