Hi Beth,

Hope things are well.

Cath is on holiday this week. I am writing to let you know that our Main POA Terminal Shutdown is on track to commence on the 4<sup>th</sup> September 2014 and we have now taken the Tail Gas Unit offline one week in advance as discussed and agreed earlier in the year. We will continue to manage our emissions and conduct daily fenceline checks as requested.

Thanks again for your support.

Regards,
