Dear Peter,

Environmental Permitting Regulations (England and Wales) 2010
Re: Tata, Shotton Works Landfill, Hydrogeological Risk Assessment, 2015

We have reviewed the following document:-

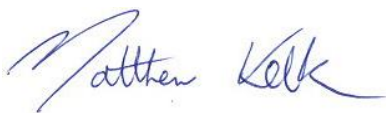

EPR/GP3030BE Tata Shotton Works Landfill Site No. 1 Hydrogeological Risk Assessment Update. WSP / Parsons Brinckerhoff, September 2015.

Before we can accept the above report we require the following information to assist further with our review:-

1. Graphs of the water quality data which has been tabulated in Table 2 (groundwater) and 3 (leachate) of Appendix C.
2. Amendments to Appendix D to highlight the parameters changed in the LandSIM model.
3. LandSIM input and output files for review.

I look forward to hearing from you in due course

Yours sincerely

Matthew Kelk
Regulatory Officer, Industry Regulation Team
