### Introductory note

#### This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This variation increases the annual throughput of non-hazardous waste from 23,000 to 49,000 tonnes. A second 30,000 litre bunded HDPE tank will be installed to store additional leachate.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number
