

Permit Number: EPR/GP3330BY

Operator: Gwynedd Council

Facility: Ffridd Rasmus Landfill Areas 1 & 3

Form Number: Air1

Reporting of emissions to air for the period from DD/MM/YYYY to DD/MM/YYYY

Emission Point	Substance / Parameter	Emission		Result ^[1]	Test Method ^[2]	Sample Date and Times ^[3]	Uncertainty ^[4]
		Limit Value	Reference Period				
Landfill gas flare	Oxides of Nitrogen	150 mg/m ³	Hourly mean				
	CO	50 mg/m ³	Hourly mean				
	Total VOCs	10 mg/m ³	Hourly mean				
Landfill gas mirco turbine engine	Oxides of Nitrogen	500 mg/m ³	Hourly mean				
	CO	1400 mg/m ³	Hourly mean				
	Total VOCs	1000 mg/m ³	Hourly mean				

[1] The result given is the maximum value (or the minimum value in the case of a limit that is expressed as a minimum) obtained during the reporting period, expressed in the same terms as the emission limit value. Where the emission limit value is expressed as a range, the result is given as the 'minimum – maximum' measured values.

[2] Where an internationally recognised standard test method is used the reference number is given. Where another method that has been formally agreed with Natural Resources Wales is used, then the appropriate identifier is given. In other cases the principal technique is stated, for example gas chromatography.

[3] For non-continuous measurements the date and time of the sample that produced the result is given. For continuous measurements the percentage of the process operating time covered by the result is given.

[4] The uncertainty associated with the quoted result at the 95% confidence interval, unless otherwise stated.
