Dear Mr Lomax

Invalid Application

Application number PAN-003818 & PAN-003819

We have received your application for a licence variation, but it is not complete.

Signatures:

The application forms have not been signed or dated. The declarations on the forms need to be completed by an appropriate person, please see further guidance below taken from guidance WRX on our web-site.

Who can apply for a licence and sign the forms?

Each individual (or individual trustee) who is applying for their name to appear on the licence must complete this declaration.

Type of Licence Holder:	Signature needed:
Individual / sole trader	*The Licence Holder
Registered company	Company director or company secretary
Organisation of individuals (other than partnerships, trusts and charities)	The chairman, treasurer, secretary or other person authorised to represent the organisation
Partnership	One or more of the partners
Trust	All trustees or the chairman, treasurer or secretary
Charity	A person authorised to sign documents on behalf of the charity
Public body (i.e. a local authority)	A person authorised to sign on behalf of the organisation

* If an agent is to sign on behalf of the Licence Holder, a letter of authorisation from the Licence Holder is required.

Please note, in this case the letter of authorisation needs to come from the Trustees of the Foundation as the licence holders.

Entitlement to Apply (Rights of Access)

Although you have provided location plans and maps they do not clearly show ownership boundaries and Rights of Access to the point of abstraction as required.

Stage 1 Photosurvey

Despite ticking the box on the form to say that you are providing this information it does not appear to be amongst the attachments submitted. An updated photosurvey needs to be provided to reflect revised locations.

Supporting calculations

Please provide supporting calculations to illustrate how your drawings will secure the Hands of Flow requirement and Flow split.

Guidance regarding required information is available on our web-site via the following link :

<https://naturalresources.wales/permits-and-permissions/water-abstraction-and-impoundment/hydropower/how-to-apply-for-your-hydropower-scheme/?lang=en>

Flood risk

The construction works associated with this proposed variation may require a Flood Risk Activity Permit, please refer to the guidance on our web-site here :

<https://naturalresources.wales/permits-and-permissions/flood-risk-activities/flood-risk-activity-permits-information/?lang=en>

If we have not received the information we have asked for within 28 days of the date of this letter, we cannot accept your application and we will return it to you, along with your application fee.

If you have any questions about your application, please contact me (see below for details).

Yours sincerely
