

Location	Ref	Tank Content	Volume (litres)	Notes
A) Main entrance, main car park, reception building and central offices				
Water tank located adjacent to site entrance.	A/A	Water	107,000	Fire fighting water tank.
B) Warehouse areas, loading areas, weighbridge, and external timber product storage areas				
No tanks were identified in this area				
C) External surplus plant storage areas				
No tanks were identified in these areas				
D) Contractor's Compounds				
No tanks were identified in these areas				
E) MDF and Chipboard production and finishing lines				
South side of MDF production line #1	E/A	Hydraulic Oil	Not supplied	Hydraulic oil reservoir for MDF 1 Controll Press
North side of MDF production line #2	E/B	Hydraulic Oil	Not supplied	Hydraulic oil reservoir for MDF 2 Controll Press
External Polypropylene tank to south of main building	E/C	Not supplied	Not supplied	(marked as 'polypropylene tank' on drawing)
External tank to south of main building	E/D	Not supplied	Not supplied	(marked as storage tank' on drawing)
Tank to west of MDF 2 Nairb Air filter	E/E	Not supplied	Not supplied	
Minimax delivery system	E/F	Water	Not supplied	
Minimax delivery system	E/G	Water	Not supplied	
Tank in NW corner of stores area close to K6 chimney	E/H	Details not supplied	Not supplied	
Thermal Oil dump tank	E/I	Thermal oil	Not supplied	
Thermal oil expansion tank	E/J	Thermal oil	Not supplied	Tank located at high level
External water tank NW corner	E/K	Water	122,000	
F) Resin manufacturing plant and urea storage				
Small tank in water treatment area 1	F1	Details not supplied	Not supplied	Numbered from left to right,
Small tank in water treatment area 2	F2	Details not supplied	Not supplied	
Small tank in water treatment area 3	F3	Details not supplied	Not supplied	
Small tank in water treatment area 4	F4	Details not supplied	Not supplied	
Oil Store - small tank north	F5	Details not supplied	Not supplied	
Oil Store - small tank south	F6	Details not supplied	Not supplied	
G) Paper impregnation plant				
Water Treatment area 1	G/A	Details not supplied	Not supplied	
Water Treatment area 2	G/B	Details not supplied	Not supplied	
Water Treatment area 3	G/C	Details not supplied	Not supplied	
Water Treatment area 4	G/D	Details not supplied	Not supplied	
Water Treatment area 5	G/E	Details not supplied	Not supplied	
Water Treatment area 6	G/F	Details not supplied	Not supplied	
Water Treatment area 7	G/G	Details not supplied	Not supplied	
Water Treatment area 8	G/H	Details not supplied	Not supplied	
Water Treatment area 9	G/I	Details not supplied	Not supplied	
Water Treatment area 10	G/J	Details not supplied	Not supplied	
Water Treatment Area 11	G/K	Details not supplied	Not supplied	
Tall tank 1	G/L	Details not supplied	Not supplied	Located in bund opposite entrance to water treatment area
Tall tank 2	G/M	Details not supplied	Not supplied	
Tall tank 3	G/N	Details not supplied	Not supplied	
Tall tank 4	G/O	Details not supplied	Not supplied	

I) Pre-production area (wood chip sorting/washing/filtering)					
Pre-production coating plant resin	I/A	Ammonium Sulphate Hardener	Not supplied		
	I/B	Urea Formaldehyde Resin	Not supplied		
	I/C	Urea Formaldehyde Resin	Not supplied		
	I/D	Urea Formaldehyde Resin	Not supplied		
	I/E	Process Water	Not supplied		
	I/F	Diesel Oil	Not supplied		
	I/G	Details not supplied	Not supplied		
Pre-production area – main stack area	I/H	Details not supplied	Not supplied		
	I/I	Details not supplied	Not supplied		
	I/J	Details not supplied	Not supplied		
Foam Tank	I/K	Details not supplied	Not supplied		
Pre-production area western boundary	I/L	Treated Water	Not supplied		
Pre-production area western boundary	I/M	Not supplied	Not supplied		
Blade Room	I/N	Water			Water for sprinkler systems
J) Saw mill, hacker plant, chipper, Gannon Grindmaster, log sorting					
Saw Mill Dipping Plant	J/A	Not supplied	Not supplied		
K) Formalin plant and raw material processing					
	K/A	Methanol	Not supplied		Used in the production of formalin.
	K/B	Methanol	Not supplied		Used in the production of formalin.
	K/C	Methanol	Not supplied		Used in the production of formalin.
	K/D	Formalin	Not supplied		End product of the process at this location, this product is stored in these three tanks and transported by tanker to storage in the central roadway, adjacent to the main production areas.
	K/E	Formalin	Not supplied		
	K/F	Formalin	Not supplied		
	K/G	Details not supplied	Not supplied		
	K/H	Details not supplied	Not supplied		
	K/I	Details not supplied	Not supplied		
L) Gas plant, water abstraction and storage areas					
Gas supply compound	L/A	Liquified Petroleum Gas	Not supplied		Two LPG tanks to provide fuel for mobile plant operating on site – stored under pressure. Bund around tanks is perforated so that any gas escape is dispersed across a wider area to limit the risk of explosion. LPG is a gas, but is heavier than air and will not disperse readily.
	L/B	Liquified Petroleum Gas	Not supplied		
Water storage / treatment compound – Emergency water tank	L/C	Water	112,000		
Borehole water tank	L/D	Borehole (untreated) water	204,000		
Effluent water tank	L/E	Effluent water	112,000		Effluent water collected from ?xxx Kronospan to supply info
Water storage area – small tank	L/F	Water (unspecified)	Not supplied		
Water storage area – small tank	L/G	Water (unspecified)	Not supplied		
M) Railway Siding					
No tanks were identified in these areas					

N) Kronoplus				
North east corner of the yard to the west of the main production building	N/A	Thermal oil dump tank	Not supplied	Tank sits within concrete bund
Production area in northern section of building	N/B	Thermal Oil	Not supplied	High level thermal oil expansion tank
Northern end of yard to the west side of main production building	N/C	Water	Not supplied	Fire fighting water tank
Adjacent to fire fighting water tank – pressure tank	N/D	Not supplied	Not supplied	
Accommodation block on west side – thermal oil dump tank	N/E	Thermal oil	Not supplied	
O) Mechanical workshop areas				
Gas Oil 1	O/A	Diesel Oil	Not supplied	
Gas Oil 2	O/B	Diesel Oil	Not supplied	
	O/C	Unspecified Oil	Not supplied	
Labelled 'H Oil'	O/D	Unspecified Oil	Not supplied	
	O/E	Unspecified Oil	Not supplied	
Waste Oil Tank	O/F	Unspecified Oil	Not supplied	
Recovered Hydraulic Oil	O/G	Hydraulic oil – Presslia 46	Not supplied	
MFC Hydraulic Oil tank	O/H	Hydraulic oil – Presslia 46	Not supplied	
P) Surface water lagoons				
No tanks were identified in these areas				
Q) Log Yards				
No tanks were identified in these areas				
R) Roadways and transportation routes				
Water storage tank to north of Kronoplus building	R/A	Empty	Not supplied	This tank was being installed during the site visit. This will contain fire fighting water, but is not yet in use.

H) Central Roadway Area				
Large tank grouping at western end of roadway	H/A	Wax Emulsion	320000	
	H/B	Wax Emulsion	320000	
	H/C	Urea Formaldehyde Resin	150000	
	H/D	Urea Formaldehyde Resin	150000	
	H/E	Urea Formaldehyde Resin	150000	
	H/F	Urea Formaldehyde Resin	150000	
	H/G	Wax Emulsion	90000	
	H/H	Urea Formaldehyde Resin	150000	
	H/I	Diesel	90000	
	H/J	Diesel	90000	
	H/K	Urea Formaldehyde Resin	150000	
	H/L	Urea Formaldehyde Resin	150000	
	H/M	Urea Formaldehyde Resin	150000	
	H/N	Urea Formaldehyde Resin	150000	
	H/O	Formalin	60000	
	H/P	Formalin	60000	
Glue Kitchen area	H/Q	Hardener Solution	Not supplied	
	H/R	Hexamine	Not supplied	
	H/S	Hexamine	Not supplied	
	H/T	Water	Not supplied	Small storage vessel inside glue kitchen area
	H/U	Hexamine	Not supplied	Small storage vessel inside glue kitchen area
	H/V	PF Hardener	Not supplied	Small storage vessel inside glue kitchen area
	H/W	MUF/PF Hardener	Not supplied	Small storage vessel inside glue kitchen area
	H/X	Emulsion	Not supplied	Small storage vessel inside glue kitchen area
	H/Y	MUF/UF Glue	Not supplied	
	H/Z	PF Glue	Not supplied	
Central Roadway boiler house	H/AA	Thermal Oil	Not supplied	Thermal Oil Dump Tank
	H/AB	Water	Not supplied	Located on roof of ancillary block
	H/AC	Thermal Oil	Not supplied	High level thermal oil expansion tank
Control Hydraulic Pumproom	H/AD	Hydraulic Oil	Not supplied	
Fuel oil tank next to sprinkler tanks	H/AE	Fuel Oil	Not supplied	
Sprinkler tank	H/AF	Water	Not supplied	
Sprinkler tank	H/AG	Water	Not supplied	
Borehole water treatment plant – dosage tank	H/AH	Sodium Hydroxide	Not supplied	
Permeate Tank	H/AI	Details not supplied	Not supplied	
CO ₂ de-gasser tank	H/AJ	Details not supplied	Not supplied	
Rinse water tank	H/AK	Water	Not supplied	
Dosage Tank	H/AL	KMnO ₄	Not supplied	
Dosage Tank	H/AM	MDC220/2	Not supplied	
Dosage Tank	H/AN	MDC220/1	Not supplied	
Mystery Tank to north of dosage tanks	H/AO	Details not supplied	Not supplied
