1 + 3m	Rake out and point open joints	High level + Low level	2m²		
1 + 5m	Rake out and point open joints	High level + Low level	.5²		
1 + 7m	Rake out and point open joints	High level + Low level	1m²		
1 + 9m	Rake out and point open joints	High level + Low level	2m²		
1 + 14m	Rake out and point open joints	High level + Low level	1m²		
1 + 17m	Rake out and point open joints	High level + Low level	2m²		
1 + 18m	Rake out and point open joints	High level + Low level	2m²		
2	Rake out and point open joints	High level + Low level	2m²		
2 + 1m	Rake out and point open joints	High level + Low level	3m²		
2 + 2m	Rake out and point open joints	High level + Low level	3m²		
2 + 2m	Replace stone	Middle	.5m²		
2 + 4m	Rake out and point open joints	High level + Low level	3m²		
2 + 6m	Rake out and point open joints	High level + Low level	3m²		
2 + 8m	Rake out and point open joints	High level + Low level	3m²		
2 + 9m	Rake out and point open joints	High level + Low level	3m²		
2 + 10m	Rake out and point open joints	High level + Low level	1m²		
2 + 11m	Rake out and point open joints	High level + Low level	1m²		
2 + 13m	Rake out and point open joints	High level + Low level	1m²		
2 + 17m	Rake out and point open joints	High level + Low level	2m²		
2 + 19m	Rake out and point open joints	High level + Low level	2m²		
3	Rake out and point open joints	High level + Low level	3m²		
3 + 1m	Rake out and point open joints	High level + Low level	2m²		
3 + 3m	Rake out and point open joints	High level + Low level	2m²		

1800 _WAL_DAB

3 + 4	Rake out and point open joints	High level + Low level	2m ²		
3 + 5	Rake out and point open joints	High level + Low level	2m ²		
3 + 6	Rake out and point open joints	High level + Low level	2m ²		
3 + 7	Rake out and point open joints	High level + Low level	2m ²		
3 + 7	Repair vertical crack	Face of wall	4LM		
3 + 8	Rake out and point open joints	High level + Low level	3m ²		
3 + 9	Replace missing block/ rock	Mid-Level	.5m ²		
3 + 12	Rake out and point open joints	High level + Low level	3m ²		
3 + 15	Rake out and point open joints	High level + Low level	3m ²		
3 + 16	Brick up corner and replace coping	High level + Low level	1m ²		
3 + 17	Remove Rebar	High level + Low level	2no		
3 + 17	Repair vertical crack	High level + Low level	3LM		
3 + 18	Repair vertical crack	High level + Low level	3LM		
3 + 17	Rake out and point open joints	High level + Low level	3m ²		
3 + 18	Rake out and point open joints	High level + Low level	2m ²		
3 + 19	Rake out and point open joints	High level + Low level	8m ²		
4	Rake out and point open joints	High level + Low level	5m ²		
3 to 4	Cut protruding threaded bar	Mid-Level	48no		
4	Rake out and point open joints	High level + Low level	5m ²		
4 + 1	Rake out and point open joints	High level + Low level	3m ²		
4 + 3	Rake out and point open joints	High level + Low level	3m ²		
4 + 5	Rake out and point open joints	High level + Low level	3m ²		
4 + 6	Rake out and point open joints	Low level	2m ²		
4 + 7	Repair vertical crack	High level + Low level	3LM		
4 + 8	Rake out and point open joints	High level + Low level	3m ²		
4 + 9	Rake out and point open joints	High level + Low level	3m ²		
4 + 10	Rake out and point open joints	High level + Low level	2m ²		
4 + 11	Repair scour/ Toe bean	High level + Low level	3m long		
4 + 11	Rake out and point open joints	High level + Low level	2m ²		
	Raking out and pointing total 109m ²				

COMMENTS

This should include any hazards, risks, or other issues with the site e.g., Working over water, traffic management, possessions/line blocks, listed structure, conservation area, SSSI (Site of Special Scientific Interest), land access, asbestos, NRW (Natural Resources Wales) consent etc.

You may also wish to include here additional work picked up at an adjacent structure. Please record ELR, Railway ID or m.yyyy and the asset type but also fill out separate form.

1800_WAL_DAB

- Works to be undertaken under high street environment conditions (No Coss)
