

# FORM WRA: Applicant details and proposal outline

## Application type and fee

Please generate a reference number. It should start with "WR" followed by your organisation or company name and today's date in four-digit format (DDMM) without spaces or punctuation.

Example: WRNATURALRESOURCESWALES1101

Please use this use this number throughout this application. This reference number can also be used for your BACS reference if paying electronically.

WRSPATONE0104

For the application types listed, complete this form and/or the relevant additional forms named below. Tick the type of application you are applying for. Please refer to our Find out if you need a licence web-page for an explanation for the different licence types. If your proposal involves multiple licence types, tick all that apply.

See our Charges for abstraction and impoundment applications web page for details of application fees and how to pay.

New full abstraction licence. Also complete form WRD.

Please indicate how you wish to pay your application fee. If paying by BACS, please quote the reference number created in question 1 when setting up the bank transfer.

If paying by cheque, please ensure you add the six digit cheque number below.

Credit or debit card

## Applicant details

Applicant type

Limited company

Applicant details

**Full Name** Spatone Ltd

**Company, Charity or Trading Name** Spatone

**Company or Charity Registration Number** 02063328

#### Applicant Registered Address

**Line 1**      Spatone Ltd  
**Line 2**      Trefriw Wells Spa  
**Line 3**      Trefriw  
**Line 4**      Clwyd  
**Postcode**   LL27 0JS

#### Applicant Contact details

**Office Telephone Number**   01492 642960  
**Mobile Telephone Number**   07943 750038  
**Email Address**                kevinpratt@nelsons.net

Please indicate who we should contact regarding operation of your site, this should be the person responsible for the day to day running of the operation.

	Applicant	Agent
Site operations contact	X	

For applications for abstraction licences, please also specify who we should contact for invoices and abstraction records (returns).  
Not necessary for temporary or transfer licence applications.

	Applicant	Agent
Invoice address	X	
Abstraction records contact	X	

### Details of agent or individual authorised to act as application contact

#### Use applicant contact details

Yes

### Entitlement to apply (not required for impoundment licence applications)

Does the applicant have a legal right of access to the point of abstraction?

Owner

#### Site map showing abstraction points

- File: water extraction map 1-4-22.pdf - [Download](#)

#### Other supporting documents

- File: water feature map.pdf - [Download](#)

For abstraction licence applications where you are the landowner, provide a map with the land boundary and all abstraction and discharge point(s) marked.

Please tick here to show that you have done this.

## Pre-application number

Have you undertaken a pre-application enquiry or had any previous discussions with us?

Yes

Provide reference number or staff member's name

Steve Potter

## Remediation work

Is this proposal as a result of a Restoring Sustainable Abstraction programme or other work requested by us?

No

## Source of supply

State where you intend to abstract from

Groundwater. e.g. Borehole, mine, unlined excavation

Groundwater impact assessment report

- File: Hydrological Impact Assessment of abstraction supply at Nelsons Spatone\_v2\_Optimized.pdf - [Download](#)

Provide a 12 digit National Grid Reference for the proposed or existing abstraction or impoundment point (e.g. ST 19057 76826)

SH77832 65305

Source of supply (name of watercourse or aquifer)

spatone bath house

Site name / reference  
(e.g. Tŷ Mawr Farm)

Spatone

## Proposal summary

Please provide an outline of your proposal, including any sketches.

As a guide, you should include: a description of the activities which (will) take place at your site, the means of abstraction/impoundment proposed, if the proposal is related to another licence or permit (i.e. an Environmental Permit to Discharge Water) and details of any survey work undertaken. For changes to existing licences, summarise the changes proposed. Sketches or photographs that will aid our understanding of your proposal can be uploaded below.

The Iron rich water is abstracted from the mountain via gravity through a borehole which runs horizontally into the mountain just behind the main Spatone production facility

The history of the site can be traced back to 1873 when the then owners first sold the water commercially, and this has been a going concern for over 149 years ever since.

The continuous flow of water is captured in a tank in the borehole plant room, prior to being delivered to the production facility. Any water that is not used by production is delivered from the tank overflow in the borehole plant room to the surface water drainage system that passes through the Spatone site. Water used within production passes through a UV lamp, an RO system when required, a series of filters and is then dosed into sachets via a sachet machine which forms and fill the sachets, the sachet volume is 20 / 25ml, the sachets are then packed into cartons within the production area with each carton containing 28 or 14 sachets.

Summary of proposal
