Dear Dominic Waller,

## **MARINE AND COASTAL ACCESS ACT 2009: PART 4 – MARINE LICENSING**

### **LICENCE FOR HYNETT CCS BENTHIC SURVEYS WITHIN LIVERPOOL BAY**

#### **LICENCE NUMBER: RML2243**

I am writing to advise you that the Marine Licensing Team, on behalf of the Welsh Ministers, as Licensing Authority, has considered your application, dated **19 August 2022** for a Marine Licence under Part 4 of the Marine and Coastal Access Act 2009, and hereby grant a Marine Licence for you to undertake the above stated works.

Accordingly, please find attached for your review and retention a copy of Marine Licence **RML2243** and its conditions.

#### **Advisory Note**

The submitted sampling plan states “DDV sampling will be undertaken at each location prior to any proposed grab sampling. This is in line with relevant guidance notes (DEFRA, 2005; Limpenny *et al.*, 2010) that state that grab samples are to be avoided in areas where Annex I habitat features, (e.g., biogenic reefs such as Sabellaria reef, mussel beds/reef and cobble reefs), might be present in order to avoid unnecessary damage to such features”. NRW would advise that the Licensed Activities also avoids undertaking grab samples in the following sensitive areas which are considered sensitive to any Band 1 activity at any location:

- Egg wrack (*Ascophyllum nodosum*) on variable salinity rock
- Tideswept egg wrack (*Ascophyllum nodosum*) communities
- Maerl beds
- Horse mussel (*Modiolus modiolus*) beds
- Oyster (*Ostrea edulis*) beds
- Seagrass beds
- Sea-pen and other burrowing megafauna communities
- Peat and clay exposures'

Marine Licence, **RML2243**, constitutes a statutory consent; therefore, the conditions set out herein must be complied with in full and will be binding upon any agent or contractor who undertakes any activity on the project on your behalf.

You are urged to read the conditions of Marine Licence **RML2243** carefully, in particular the need to advise Welsh Government Marine Enforcement Officers of the commencement of works within **10 days** prior to work starting.

Marine Licence, **RML2243** is solely granted for the work to be undertaken at **Liverpool Bay**; however, it does not absolve you from applying for further consents or licences as necessary to enable the full completion of your project.

If the works authorised by this Licence are unlikely to be completed by the expiry date, the Licence Holder should apply for a replacement marine licence **at least 4 months** prior to the expiry date of this Licence.

Should you require clarification as to the reasons for the inclusion of any of the conditions attached to the Licence then you must request written notice within 28 days of the receipt of this letter.
