Part B to be supplied as soon as practicable

Any more accurate information on the matters for notification under Part A.	A breach of the compliance limit was detected upon review of the dipping data.
Measures taken, or intended to be taken, to prevent a recurrence of the incident	Final capping and restoration work have been completed, this should minimise the amount of rainfall infiltration into the waste mass and reduce leachate levels with time.
Measures taken, or intended to be taken, to rectify, limit or prevent any pollution of the environment which has been or may be caused by the emission	The HRA Review and IC12 (a review of the leachate limits) was submitted to NRW on 23 rd September 2021. Enovert have now received a response from NRW, which we have been reviewing with the City and County of Swansea, and will respond shortly.
The dates of any unauthorised emissions from the installation in the preceding 24 months.	See previous notifications.
