## Proposal summary

Please provide an outline of your proposal, including any sketches.

As a guide, you should include: a description of the activities which (will) take place at your site, the means of abstraction/impoundment proposed, if the proposal is related to another licence or permit (i.e. an Environmental Permit to Discharge Water) and details of any survey work undertaken. For changes to existing licences, summarise the changes proposed. Sketches or photographs that will aid our understanding of your proposal can be uploaded below.

The existing abstraction licence (WA/058/0073/003) needs to be varied to add a purpose of 'transfer of water' in addition to 'power production'. The water will be transferred to a pond at National Grid Reference SN 80084 05528. When sufficient water is available the water will be abstracted from the same point and the system will return all water abstracted to an un-named tributary of the River Dulais at National Grid Reference SN 79635 05534

Condition 9.4 will need to be amended to reflect the above. All other conditions, and the intake and outfall structures will remain as they are.

A new full abstraction licence will be required at the pond for the purpose of power production.

Source of supply – Water transferred from Inland water (stream) known as un-named tributary of the River Dulais at Coed Ddu Farm, Crynant, Neath in abstraction licence (WA/058/0073/003) and then abstracted again from National Grid Reference SN 80084 05528 at an instantaneous rate not exceeding 30 litres per second for the purpose of power production.

POINT OF ABSTRACTION - National Grid Reference SN 80084 05528

MEANS OF ABSTRACTION – Gravity feed pipe not exceeding 0.207mm internal diameter.

PURPOSE OF ABSTRACTION - Power production.

PERIOD OF ABSTRACTION - All year.

MAXIMUM QUANTITIES OF WATER TO BE ABSTRACTED –

2,592 cubic metres per day

406,436 cubic metres per year

At an instantaneous rate not exceeding 30 litres per second.

Supporting information, calculations and Figures can be found in the attachments.
