

Application for a Band 1 Marine Licence

Project description

Project name

IW01234 Britannia Bridge Lintel Support

Please provide a brief description of the proposed project, including location.

Britannia Bridge Lintel Support Project has previously been issued a Band 1 Marine Licence from Natural Resources Wales; ref CML2048 and CML2154. The project involves the installation of FRP (fibre reinforced polymer) beams to below the soffit of the masonry lintels on each tower on Britannia Bridge, to provide a support mechanism to prevent the lintels from falling onto the carriageway (A55) below; should the cracks in the lintels cause the lintels to fail. Britannia Bridge is the A55 main carriageway between Gwynedd and Anglesey in North Wales. Our current Marine Licence CML2154 expires on 30th November 2022. Construction works will be complete by that date, but the scaffolding on Britannia Tower will still be in place. We need to be able to remove this scaffolding from the tower, past 30th November until (weather permitting) 16th December 2022.

Applicant details

To whom the licence will be issued. This must be a legal entity such as an individual, registered company/ charity or public body.

Title	Registered Company
Full name	Amalgamated Construction Ltd
Company or trading name	AmcoGiffen
Company Registration Number (if applicable)	00995892
Name of contact or individual (if different)	Fiona Bussell
Position in company	Senior Sustainability & Assurance Advisor
Address (provide registered company address if applicable)	3175 Century Way Thorpe Park Leeds
Postcode	LS15 8ZB
Telephone number	01226 243413
Email address	fiona.bussell@amcogiffen.co.uk

Details of agent, contractor, vehicles and/or vessels used to carry out works

Does the applicant wish to be included in all correspondence?

Yes

Will the works require the use of vessels?

No

Will the works require the use of any vehicles?

Yes

Proposed project details

Licensable period

Determination of applications will be based on the works taking place during these dates. Please ensure you have included an adequate contingency period. If works are not completed by the requested licence expiry date you may be required to submit a new application. Including a contingency period within your original application does not impact on the licence fee.

Start date (DD/MM/YYYY) 01/12/2022

Requested licence expiry date (DD/MM/YYYY) 31/12/2022

Please detail the location of the proposed project.

This should be either Ordnance Survey National Grid Reference (i.e. SN 12345 67890) or Latitude and Longitude in decimal degrees to 4 decimal places (i.e. Lat 52.1234 Long -4.1234), defining the extent of the project. Please specify which coordinate system has been used and if using GIS co-ordinates, specify which projection has been used.

Ordnance Survey Grid Ref- Britannia Tower: SH 54156 71000

Method statement

Are the works within a sensitive area or one of the following activities: boreholes, replacement piles or beach management?

Yes

Band 1 method statement template

You can upload your method statement here or fill in the questions below.

- File: IW01234 - Britannia Bridge - band-1-low-risk-activity-method-statement - 2022.pdf - [Download](#)

Please provide a brief summary of the application including location of the works (coordinates - lat/long, decimal degrees). For activities that cover a large area please provide coordinates of the approximate extent of works.

The works will consist of the following:

1. Traffic Management on the A55 (to remove scaffold crash deck from tower)
2. Scaffold removal from Britannia Tower, access from service road level.
3. Compound de-mobilisation.

Britannia Tower co-ordinates are: Latitude , Longitude (decimal) 53.2160 , -4.1857

Materials of the project

Will the works involve removals seaward of MHWS?

Yes

Description of materials to be removed seaward of MHWS (Please tick all that apply)

Timber

Iron/steel

Description of objects/materials to be removed seaward of MHWS, including quantities to be removed.

Scaffold tubes and scaffold boards to be removed from Britannia Tower and transported on a flat bed vehicle parked at service road level away from the bridge.

Additional information

Please provide the following:

You must include a suitably scaled extract of an Ordnance Survey Map or Admiralty Chart with location of project complete with north arrow and scale

If applicable, any construction plans and sectional drawings showing those proposed works below/seaward of MHWS, which should give details of the materials to be used (for beach replenishment the quantity, particle size and source of material to be deposited and deposit location is also required)

You must include details of correspondence with MCA, Trinity House and The Crown Estate

Please upload these below
