**RESIDUAL DESIGN HAZARDS**  
 (The following information has been collected from Preconstruction Information and the Amey CDM Hazard Management Process.)

- Contractor to assess site for risks for the safe operation associated with carrying out topographical surveys

- NOTES**
- For details of survey requirements refer to the specification: CH1701/AMEY/VTO/XX/SP/CH/101
  - Contractor to observe local tide times to ensure that the beach levels are taken during low tide.
  - This drawing is to be read in conjunction with all other drawings and specifications.
  - Any discrepancies found between this drawing and other drawings and specifications in the construction documents must be referred to the Landscape Architect prior to work commencing.
  - This drawing must not be copied in whole or in part without written consent of LDA design.
  - These drawings are for finishes only. All foundation, fixing, paving depths and drainage details to be provided by others.
  - All dimensions in mm unless otherwise stated.
  - Where dimension sizes of units are given they state length x width x depth.

Access type 3 is proposed at the following chainages:  
 920 (Kinmel Bay East)  
 1580 (Kinmel Bay West)

2203 01 Plan- Access Point AT3 1:100

2203 02 Elevation- Access Point AT3 1:100

2203 03 Illustrative Axonometric View NTS
