RESIDUAL DESIGN HAZARDS
 (The following information has been collected from Preconstruction Information and the Amey CDM Hazard Management Process.)

- Contractor to assess site for risks for the safe operation associated with carrying out topographical surveys

- NOTES**
- For details of survey requirements refer to the specification: CH1701/AMEY/TO/XX/SP/CH/101
 - Contractor to observe local tide times to ensure that the beach levels are taken during low tide.
 - This drawing is to be read in conjunction with all other drawings and specifications.
 - Any discrepancies found between this drawing and other drawings and specifications in the construction documents must be referred to the Landscape Architect prior to work commencing.
 - This drawing must not be copied in whole or in part without written consent of LDA design.
 - These drawings are for finishes only. All foundation, fixing, paving depths and drainage details to be provided by others.
 - All dimensions in mm unless otherwise stated.
 - Where dimension sizes of units are given they state length x width x depth.

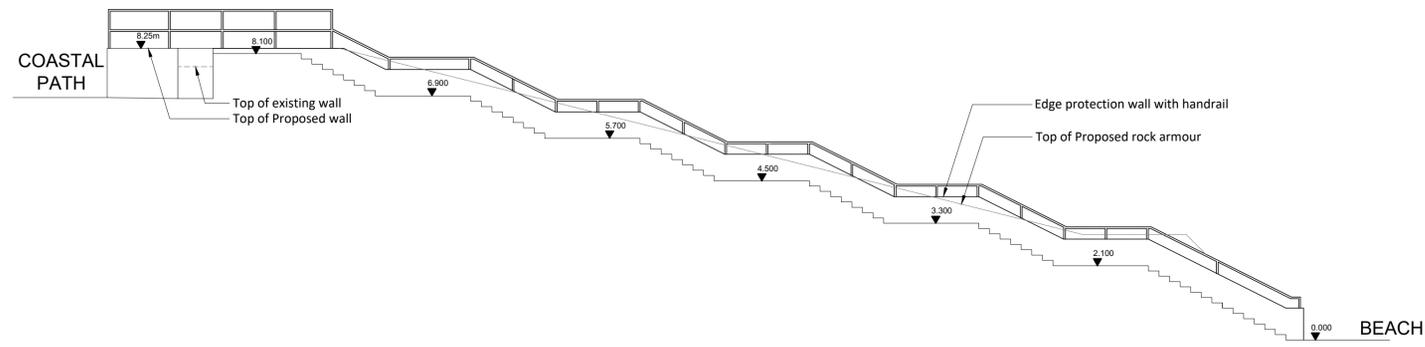

Access type 4 is proposed at the following chainages:
 180 (Hortons Nose Nature Reserve)

2204 01 Plan- Access Point AT4 1:100

2204 03 Illustrative Axonometric View NTS

2204 02 Elevation- Access Point AT4 1:100
