Note: This application is on behalf of Gloucestershire County Council. The schedule for the Tintern Wireworks Bridge works has been delayed, although the site has been mobilised (1st August 2022). Operations are now under way and methodologies for the activities to be undertaken are still as advised in the Marine Licence Application. However, the delay in starting means that the works are now scheduled to be complete in Spring 2023. Gloucester Harbour Trust is being kept informed via regular updates in relation to the issuing of any further Notices to Mariners. The Marine Licence for activities affecting Welsh waters is only valid until 31 December 2022 and, therefore, an extension is requested for a period of 6 months to 30 June 2023. NRW will continue to be informed of progress. The Marine Management Organisation (MMO) is also being kept up to date on current developments in relation to the Marine Licence for the English waters affected, which will expire on 21 June 2023.
