Annual Performance Report for Neath Port Talbot County Borough Council BJ5775IF – 2022

This report is required under the Waste Incineration Directive's Article 12(2):- requirements on access to information and public participation. This requires the operator of an incineration or co-incineration plant to produce an annual report to the Regulator on the functioning and monitoring of the plant and to make this available to the public.

Permit Requirement 4.2.3

For the following activities referenced in schedule 1, table S1.1: AR1, a report or reports on the performance of the activities over the previous year shall be submitted to the Natural Resources Wales by 31 January (or other date agreed in writing by the Natural Resources Wales) each year. The report(s) shall include as a minimum:

- (a) A review of the results of the monitoring and assessment carried out in accordance with the permit including an interpretive review of that data;
- (b) The annual production / treatment data set out in schedule 4 table S4.2; and
- (c) The performance parameters set out in schedule 4 table S4.3 using the forms specified in table S4.4 of that schedule.

Shutdown of the Waste to Energy Plant

NPT Recycling Ltd officially informed Natural Resources Wales that from the 19th September 2013, a decision was made by the board to mothball the Waste to Energy part of the MREC site until further notice. The Waste to Energy plant was physically shut down on the 16th August 2013.

There have been no operations of the Waste to Energy since 16th August 2013 and therefore no energy production in 2022
