

Schedule 5 - Notification

TIR0226 05/01/2023

Part A

Permit Number	JB3597TN		
Name of Operator	Enovert South Ltd on behalf of City and County of Swansea		
Location of Installation	Tir John Landfill, Wern Terrace, Off Fabian Way, Swansea, SA1 8PA		
Time and date of the detection	December 2022		
(b) Notification requirements for the breach of a limit (within 24 hours unless otherwise agreed)			
Emission point reference/ source	Leachate Head above Surveyed Base >1m		
Parameter(s)	Sample Point	Date	Leachate Head (m)
Limit	TIR HWM11	14/12/2022	1.55
Measured value and uncertainty	TIR HWM12	14/12/2022	1.12
Date and time of monitoring			
Measures taken, or intended to be taken, to stop the emission	Not applicable as no emission is considered to be occurring.		

Part B to be supplied as soon as practicable

Any more accurate information on the matters for notification under Part A.	A breach of the compliance limit was detected upon review of the dipping data.
Measures taken, or intended to be taken, to prevent a recurrence of the incident	Final capping and restoration work have been completed, this should minimise the amount of rainfall infiltration into the waste mass and reduce leachate levels with time.
Measures taken, or intended to be taken, to rectify, limit or prevent any pollution of the environment which has been or may be caused by the emission	NRW have now agreed to the proposed leachate head limits for HWM04A, HWM06B and HWM08A, as per Improvement Condition 12. These are now incorporated into the permit conditions and will be formalised when it is next varied. It is understood that any proposals to raise the limits in any other wells will need to be proposed in a permit variation application.
The dates of any unauthorised emissions from the installation in the preceding 24 months.	See previous notifications.
