For abstraction licence applications where you are the landowner, provide a map with the land boundary and all abstraction and discharge point(s) marked.

Please tick here to show that you have done this.

Pre-application number

Have you undertaken a pre-application enquiry or had any previous discussions with us?

Yes

Provide reference number or staff member's name

Sarah Senior

Remediation work

Is this proposal as a result of a Restoring Sustainable Abstraction programme or other work requested by us?

No

Source of supply

State where you intend to abstract from

Groundwater. e.g. Borehole, mine, unlined excavation

Groundwater impact assessment report

- File: App A - ES Final 01 08 22 low res.pdf - [Download](#)

Provide a 12 digit National Grid Reference for the proposed or existing abstraction or impoundment point (e.g. ST 19057 76826)

Its an area

Source of supply (name of watercourse or aquifer)

Underground strata of the Dowlais Limestone Formation at Vaynor Quarry, Trefechan near Merthyr Tydfil

Site name / reference
(e.g. Tŷ Mawr Farm)

Vaynor Quarry

Proposal summary

Please provide an outline of your proposal, including any sketches.

As a guide, you should include: a description of the activities which (will) take place at your site, the means of abstraction/impoundment proposed, if the proposal is related to another licence or permit (i.e. an Environmental Permit to Discharge Water) and details of any survey work undertaken. For changes to existing licences, summarise the changes proposed. Sketches or photographs that will aid our understanding of your proposal can be uploaded below.

Please see attached letter 331201231L002 from Stantec dated 20th January that includes all the relevant information and two figures showing the area of abstraction. Please also refer to the four appendices (A to D) provided with the letter for a considerable amount of additional information.

Appendix A of this letter is the Environmental Impact Assessment that accompanies the ROMP application currently under review by NRW. Chapter 9 is the Hydrogeological Impact Assessment (HIA) produced by Stantec.

Appendix B to the letter are the accompanying figures to the HIA.

Appendix C is too large and will be sent by email.

Appendix D (in two parts) were uploaded earlier on in the application form but cannot be uploaded here because it is apparently limited to five files only. Appendix D is a letter from Stantec to NRW and NRW's letter in response regarding the original transitional licence application and contains some important points.
