Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation and consolidation of an environmental permit.

This variation adds 2 x 199 kWth input biomass boilers fuelled on virgin woodchip only to provide hot water to heat the poultry houses. Two emission points (BB4 and BB5) are added to the permit.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
